DETAILED ACTION

Claim Rejections - 35 USC § 112

1. In the Office action mailed 20 April 2006 the rejection of claims 13-15 under 35 U.S.C. 112, second paragraph was poorly phrased. The Office regrets any inconvenience this may have caused the applicants. It is apparent from the content of page 8 of the applicants response filed 13 July 2006 that the applicants understood the intent of the rejection of claims 13-15. The applicants have stated that the purpose of the detectably labeled nucleic acid probes recited in claims 13-15 is to help in normalizing the results of the method. It is further accepted by the Office that this is also the role of the detectably labeled probes recited in claims 1-9, 16-24, and 26.

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1-9 are indefinite because it is not clear if the antibody binds to the first or the second of the two RNA DNA hybrids, or whether the antibody binds to both RNA DNA hybrids.

Claim Rejections - 35 USC § 102

4. The rejection of claim 10 in the Office action mailed 20 April 2006 under 35 U.S.C. 102(b) as being anticipated by Coutlee et al. is withdrawn in view of the amendment to the claim filed 13 July 2006.

Claim Rejections - 35 USC § 103

5. The rejection of claims 10-12 are rejected under 35 U.S.C. 103(a) as being unpatentable over Coutlee et al. in the Office action mailed 20 April 2006 is withdrawn in view of the amendment to the claim filed 13 July 2006.

6. The rejection of claims 16-22 under 35 U.S.C. 103(a) as being unpatentable over Carrico in view of Lockhart et al. in view of WO 93/10263 in the Office action mailed 20 April 2006 is withdrawn in view of the amendment to the claims filed 13 July 2006.

Allowable Subject Matter

7. Claims 10-26 are allowable.

Conclusion

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
